JOT Automation Business Unit Re-alignment

RCA Marketing, a Southern CA based representative for JOT Automation is pleased to report that JOT Automation has re-aligned its organization and appointed Stefan Adolfsson to oversee the U.S. operation now located in San Diego, CA.

JOT Automation was recently acquired from Rohwedder AG by Head Invest Ltd of Finland. Head Invest Ltd is led by an original founder of JOT Automation, Mr. Veikko Lesonen. Head Invest Ltd aims to establish **Head Tech Ltd** by merging JOT Automation Ltd with Master Automation Group Ltd, which is already owned by Head Invest Ltd.

JOT Automation is one of the world's leading suppliers of material handling and testing systems for the mobile phone and automotive industries. Master Automation Group Ltd is the world's leading technological supplier of assembly and finishing solutions that utilize computer vision for the mobile phone, marine and aerospace industries.
