XYZTEC Open House- No CA Office- Dec 2011

RCA Marketing, a Southern CA based representative for XYZTEC extends an invitation to visit the XYZTEC No CA Sales and Customer Applications Center on Dec 6 - 7, 2011 at their new location in Fremont, CA.

XYZTEC also performs contract services for wire bond test, and solar cell applications at this facility.

XYZTEC, based in the Netherlands is a global supplier of testing systems utilized within the semi-conductor, solar and materials industries. Capabilities include wire/ribbon pull test, wire/die/ball shear test, stud pull/impact test, and peel test. Superior machine software and ergonomics make this equipment a favorite for customers looking for a superior system at a cost effective valuation.

XYZTEC has global offices in North America, Europe, and Asia
